I am proud that...

- I live in a country that guarantees the individual right to own and use firearms under the 2nd Amendment to the Constitution.

- I vote for political candidates who share my passion for firearms and the shooting sports and will protect my Second Amendment rights.

- I am one of 100 million firearms owners in the U.S.

- I am one of 35 million target shooters and hunters.

- I am supported. Target shooting and hunting are supported by 8 of 10 Americans.

- I store my firearms securely when not in use to keep guns out of the wrong hands.

- I am part of the Great American Tradition embracing firearms ownership, hunting and target shooting.

- I have the right to protect myself, my family and my home with a firearm, if necessary.

- I will introduce someone to the shooting sports this year.

- I respect those who have their reasons for not owning firearms, but insist that they respect my reasons for owning them.

- I am a conservationist—Excise taxes on firearms and ammunition purchases combined with purchases of hunting licenses contribute more than $1 billion annually to wildlife conservation and firearm safety education.

- Fatal firearms accidents have dropped to an all-time low and account for less than 1 percent of all fatal accidents.

- I am responsible—the firearms industry has provided more than 100,000,000 gun locks to help prevent accidents, theft and misuse.
